1 Turbulent burning rates of methane and methane–hydrogen mixtures

Link: Simone's Bibtex/Burn rate, turbulent velocity, consumption speed/1-s2.0-S0010218009000431-main.pdf

DOI: <http://dx.doi.org/10.1016/j.combustflame.2009.02.001>

- Turbulent flame velocity calculation.
- Turbulent flame velocity calculation. Difference between burning velocity and flame speed (especially for the case of laminar), they both have different symbols?
